Healthcare furniture, enhancing lives.

Caremed Alrick.

Alrick EN9
Mental Health Series

With the Caremed EN9 MH, you do not have to choose between safety and clinical performance. It has been designed in partnership with clinicians and care staff to minimise ligature risks, this hospital bed adapts to your mental needs health needs. It is perfectly suited for mental health wards where the carers and patient need high care.

Safety is a number one priority, built with a tamper-resistant design and ligature management strategy in mind. The Caremed EN9MH offers many value driven features that contribute to creating a safe environment for patients and staff. The Caremed EN9MH offers the needed security while maintaining patient dignity in a mental health unit.
